STATEMENT

On behalf of AllCells, LLC, I would like to make the following statement to confirm you that our products are lawfully obtained and are complying with ethical requirements.

1. AllCells, LLC is fully certified in accordance with Local, State and Federal business requirements.
2. AllCells' product is obtained from volunteers participating in an Institute Reviewing Board (IRB) or Human Subject Committee approved donor program.
3. A signed and witnessed informed consent form is obtained from all donors before starting the program.
4. All of the volunteers are aware that their tissue samples may be used for any research applications and waived any rights generated from the research applications.
5. Each adult volunteer is screened for general health, HIV (antibody), hepatitis B (surface antigen) and hepatitis C (antibody by FDA approved methods. When such infectious serological tests for donors are not available, the cells in the products are tested for the presence of those viral DNA by PCR. All products should be handled at Biosafety Level 2 (BSL-2) or higher and universal handling precautions for biological infectious biohazard material, and waive AllCells of any liabilities of contaminations for infectious pathogens in these products.
6. The material has been sourced from a country where strict ethical safeguards apply.
7. All products are for *in vitro* research use only, not for clinical nor diagnostic purposes, and not intended for use *in vivo*.
8. All of the volunteers participating as an anonymous donor and are assigned with a unique number to protect their identity.

Please contact us if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "James Lee". The signature is fluid and cursive, written in a professional style.

James Lee
Senior Manager, Process Development
