PRODUCT INSERT

FlowPRA™ Test Control Sera

REF

Negative Control Serum (Catalog # FL-NC) Lot 8 vs. Lot 7

Class I Positive Control Serum (Catalog # FL-PC) Lot 5 vs. Lot 4

Class II Positive Control Serum (Catalog # FL2-PC) Lot 2 vs. Lot 1

IVD

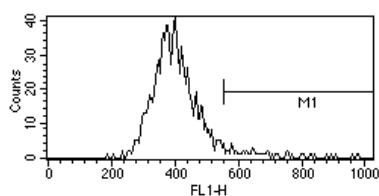

For In Vitro Diagnostic Use.

SUMMARY AND EXPLANATION

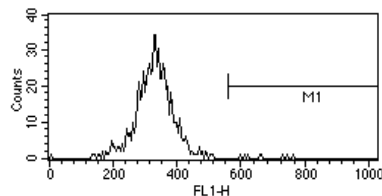

Each new lot of control serum may show a different FL1 histogram profile when reacting with FlowPRA™ Beads. This data sheet provides you with the FL1 histograms of the FlowPRA™ I Beads (Catalog #FL1-30, Lot 8) and the FlowPRA™ II Beads (Catalog #FL2-30, Lot 8) reacting with the new and old lots of Negative Control Serum, the Class I Positive Control Serum and the Class II Positive Control Serum. Different decimal numbers on the lot numbers indicate different batches, which are aliquots from the same master lot.

Negative Control Serum

Lot 7

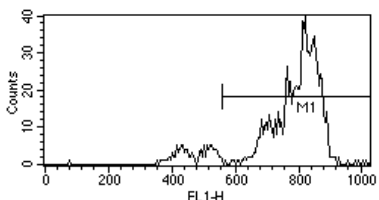

Lot 8

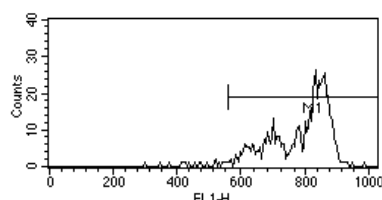

Class I Positive Control Serum

Lot 4

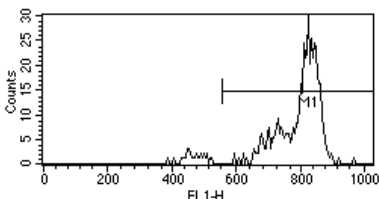

Lot 5

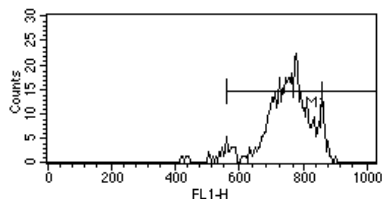

Class II Positive Control Serum

Lot 1

Lot 2
